

INSTRUCTIONS FOR APPLICATION OF “FLY NE Aviation License plate”

The NE Chapter of the Ninety Nines will be sponsoring the “FLY NE Aviation License Plate” and is collecting the required minimum of 250 prepaid applications which will be turned in to the NE DOV to have the license plate manufactured and mailed out to the applicants.

The NE Division of Aeronautics is acting as a collection point for the applications and \$70 check made out to the NE Ninety Nines. Once 250 applications have been received, a check for the prepaid applications will be sent to NE DOV. We need to have a minimum of 250 applications by January 31, 2018. If 250 prepaid applications have not been received by that date, your check and application will be returned to you. If the required number of applications have been received by January 31, the NE DOV will then begin the process of manufacturing the plates and you will have yours shortly afterwards.

Numbers and letters are assigned by the NE DOV which means you have to accept the assigned numbers and letters.

Together we can make this happen and have a FLY Nebraska license plate showing your interest in aviation in our great state.

Ronnie Mitchell
Director, NE Div. of Aeronautics
